

Quick Carpool Review:

- 1) Pull all the way forward until told to stop. (Do not stop at your child! The kids are waiting in a specific order. Stopping early causes a delay in arrival/dismissal.)
- 2) Have children seated on the passenger side of your car in order to have them exit vehicles near the sidewalk.
- 3) Stay in your car, we will bring your child to you (afternoon) or assist them exiting the car (morning).
- 4) Keep signs visible until your child has been placed in your car.
- 5) **Pull Up To Buckle Up!!** If you need to buckle your child in, pull forward out of the carpool line so that traffic can continue to flow.
- 6) **Remember there are students everywhere!** They're in cars, on buses, on sidewalks, on patrol and always nearby, please drive safely and avoid all cell phone use.
- 7) Follow the carpool route as specified, do not cut in from side streets.

You will be asked to wait along the grass near the yard if:

- 1) You do not have a sign visible
- 2) Your child did not hear his/her name in café
- 3) You cut in the line by coming in from a side street

****Please be patient: All students remaining will exit at 3:35**

Our goal is to keep all children outside safe. If your child is inside, he/she is safe.

****Don't forget: Carpool ends at 8:30 a.m. in the morning and 3:40 p.m. in the afternoon!!****
